47 C.F.R. § 76.75(b)(2) Outreach Initiatives:

Establishment of training programs designed to enable unit personnel to acquire skills that could qualify them for higher level positions, 47 C.F.R. § 76.75(b)(2)(viii): Wave Broadband has established training programs to qualify unit personnel for higher level positions, and supports the efforts of employees to further their education in areas which will benefit their work with the company, or which are required for advancement to higher level positions. For example, Wave Broadband supports and encourages continuing education through National Cable Television Institute (NCTI) courses and the Society of Cable Telecommunications Engineers (SCTE) Certification Programs. The company pays for unit employees to participate in all courses by these two industry professional organizations. These courses provide the skills and knowledge required for advancement in many of this unit's job classifications.

Participation in two job fairs by unit personnel who have substantial responsibility in the making of hiring decisions, 47 C.F.R. § 76.75(b)(2)(i): This employment unit participates in job fairs and distributes job postings at local technical colleges and community centers to disseminate information on employment opportunities and careers at Wave Broadband. In the spring of 2012 Wave's HR Admin participated in a recruiting and networking event held by a local non-profit organization, BEAN. Also in the spring of 2012, Wave's HR Admin and SVP, Human Resources participated in a recruiting and networking event held by Verizon Wireless and Wave's Enterprise Sales Manager and contract recruiter participated in a job fair held by Sales Force Job Fairs.
