Establishment of training programs designed to enable unit personnel to acquire skills that could qualify them for higher level positions, 47 C.F.R. § 76.75(b)(2)(viii):

Wave Broadband has established training programs to qualify unit personnel for higher level positions, and supports the efforts of employees to further their education in areas which will benefit their work with the company, or which are required for advancement to higher level positions. For example, Wave Broadband supports and encourages continuing education through National Cable Television Institute (NCTI) courses and the Society of Cable Telecommunications Engineers (SCTE) Certification Programs. The company pays for unit employees to participate in all courses by these two industry professional organizations. These courses provide the skills and knowledge required for advancement in many of this unit's job classifications.

In addition, Wave Broadband held two jobs fairs onsite in our Rocklin office promoting our current openings, one in the September 2011 and one in June 2012. Unit personnel involved included the HR Administrator and the Regional Customer Service Manager.

Participation in other activities reasonably calculated to further the goal of disseminating information as to MVPD employment opportunities to candidates who might otherwise be unaware of such opportunities, 47 C.F.R. § 76.75(b)(2)(xvi): This employment unit participates in community events to promote our company's products, and at the same time disseminates information on employment opportunities and careers at Wave Broadband. Two events that Wave participated in are the Rocklin Celebrates America event in July 2012 and the Woodland Fair in August 2012. Unit personnel involved included the HR Administrator and the Sales and Marketing Director.
