Acceptance of service by facsimile or email is strictly conditioned upon payment of charges. Wave Broadband and Astound Broadband reserve the right to require payment in advance, to withhold delivery of information until payment is received and to seek enforcement of charges. **Entities that fail to pay charges must serve process by the registered agent within the appropriate state.** Requesting parties will be notified if hourly charges apply and can receive a non-binding estimate.

Time for Response

Requests are handled in the order received, subject to other pending expedited requests. Responsive information is generally provided within 10 business days.

Toll and call record detail requests should be limited to the narrowest period of time possible or a significantly longer time may be required to respond. Expedited response for information other than call records, if available resources permit, will generally be provided within three business days.

Status Requests and Questions

For security reasons, all questions and status requests should be submitted in writing along with a copy of the Subpoena/Warrant/Court Order and response.

To prevent delays in response to your request and those of others, please do not ask for the status of a request for 10 business days for subscriber information, three days for expedited requests and 30 days for call records. You may then fax a copy of your original subpoena with a cover page asking for the status.
